Any source for the middle name?

If I understand the accompanying photo, it is claimed she is from that tribe but that would not be grounds to use that as her middle name.

Her bio currently does not explain how she is tied the Native American tribe. Even a research note would help if primary sourcing is not available.

You may want to try Chad Riggs and see if he has a source. The Name occurred when Pew-297 and pew-2 got merged.

I am related to John of Henrico but I don't know how the name got in there. There should be a source though.

[Pew-102](#) and Pew-2 appear to represent the same person because: same birth/death dates & places; both married to Abraham Childers (Childress)
